

A PUBLIC POWER COMMUNITY LIGHTING YOUR FUTURE SINCE 1916

LARNED MUNICIPAL ELECTRIC
Phone: 620-285-8585

Dear LME Customer,

As a service to our customers, the Larned Municipal Electric Utility is offering the use of a whole house Surge Protection device. This device is called a Meter Treater and provides electric surge protection for electric appliances such as refrigerators, air conditioners, your white appliances, ect...

The Meter Treater is connected at the meter, and comes with a limited 10 year manufacturer warranty should the device ever fail to protect against an electric surge. Please see the details of the warranty on the attached page.

The Meter Treater costs \$4.50 per month and will be charge on your utility bill, and, if you have it disconnected before the end of the first year from installation date, there is a \$30.00 disconnects charge.

If you would like to have one of these devices installed, please sign and date the request below and return it to the City Office (417 Broadway).

To: The City of Larned

I would like to have a whole house surge protection device installed at my premises. I agree to pay a flat rate of \$4.50 per month. If I have it removed before the end of the first year there will be a \$30.00 disconnect charge.
